

Join the Illinois Forestry Association for a Forest Management Field Tour at Principia College

Principia College

Wednesday, May 19th from 5:00 pm - 6:30 pm

Join the Illinois Forestry Association for a field tour to learn more about the forest management techniques that are being conducted today to keep Illinois forests healthy and productive!

Program Schedule:

5:00 pm - 6:30 pm

Dr. John Lovseth - Management Field Tour

Learn about the forest management techniques being utilized at Principia College's 2,600 acre campus, such as silvicultural techniques, prescribed burns, and invasive species control techniques. Also, get an update on the exciting timber rattlesnake conservation efforts being made on Principia College's beautiful forests and bluffs.

Note: We can only accept 50 attendees for this field tour

Register Now At: <https://www.ilforestry.org/event-4301075>

Attendees should make sure to bring suitable attire to hike in. Make sure to bring a face mask. Once attendees are properly socially distanced on the tour, face masks will be optional.

Location: 22935 Chautauqua Rd, Elsah, IL 62028 (follow signs to meeting area).
