Prescribed Fire Training Day

The focus on this training will be preparing for a prescribed fire.

This training will cover, burn plans, firebreak design, and creation, pre-fire walk-throughs, hazard tree and snag assessments, types of tools and equipment and when/how to use them.

Portions of this training will be held outdoors, please dress according to the weather.

Bring your own drink and snack.

November 12, 2021- 9:00AM-12:30PM

Lewis And Clark Community College SCI-113
